EMMANUELLE MAHER

FULL-STACK DEVELOPER

EMMANUELLE.T.MAHER@GMAIL.COM

GITHUB.COM/EMMANUELLETAYLORMAHER

OBJECTIVE

Seeking full-time employment in the San Antonio area as a Junior Web Developer.

SKILLS

Back-End: PHP, MySQL

Front-End: JavaScript, CSS, Bootstrap, HTML5

Version Control: Git, GitHub

Miscellaneous: Microsoft Office, Adobe Photoshop, Sublime Text, Sequel Pro, Aseprite, GarageBand

PROJECTS

TEACHR.TECH

A full-stack PHP web application in which instructors can follow one another, upload lesson plans, and participate in group discussion. Users may also “copy” existing lesson plans and edit them in order to accommodate personal needs.

SIMPLE SIMON GAME

An artistic take on the classic “Simon Says” game. Built using JavaScript, jQuery and CSS. Graphics and music created in Aseprite and GarageBand, respectively.

EDUCATION

CODEUP • JUNE 2017 – SEPTEMBER 2017

Completed 16-week immersive program in full-stack technologies, spending 536 hours learning curriculum and building real-world projects.

UNIVERSITY OF TEXAS AT SAN ANTONIO • JANUARY 2016 –PRESENT

Pursuing a B.B.A in Accounting with a minor in Computer Science.

EXPERIENCE

CAFÉ SERVER • BARNES AND NOBLE, INC. • NOVEMBER 2016 – JUNE 2017

Maintained and operated a multitude of commercial-grade machinery related to drink-making. Provided efficient, yet quality-driven service in a high-volume store—sometimes leading up to over 200 completed transactions on a busy shift.

STUDENT ASSISTANT I • UNIVERSITY OF TEXAS AT SAN ANTONIO DISABILITY SERVICES • MAY 2016 – SEPTEMBER 2016

Facilitated the department registration of 100+ students by answering pertinent questions, creating case files for required documentation, and compiling letters to be handed out to professors.
